

PERMIT TO ALLOW MINOR USE OF AN AGVET CHEMICAL PRODUCT

FOR THE CONTROL OF SCIARIDS IN MUSHROOMS

PERMIT NUMBER - PER87515

This permit is issued to the Permit Holder in response to an application granted by the APVMA under section 112 of the Agvet Codes of the jurisdictions set out below. This permit allows a person, as stipulated below, to use the product in the manner specified in this permit in the designated jurisdictions. This permit also allows any person to claim that the product can be used in the manner specified in this permit.

THIS PERMIT IS IN FORCE FROM 15 MARCH 2019 TO 30 JUNE 2024

Permit Holder:

HORTICULTURE INNOVATION AUSTRALIA LTD
Level 8, 1 Chifley Square
SYDNEY NSW 2000

Persons who can use the product under this permit:

Persons generally.

CONDITIONS OF USE

Product to be used:

VECTOBAC WG BIOLOGICAL LARVICIDE WATER DISPERSIBLE GRANULE

(APVMA No. 52642)

Containing: BACILLUS THURINGIENSIS SUBSP. ISRAELENسيس SEROTYPE H14 as the only active constituent.

Directions for Use:

Crop	Pest	Rate
MUSHROOMS	SCIARIDS	100-200 gram product per 100L water

Critical Use Comments:

- VectoBac is a larvicide and will not control adult gnats. Application must be timed for stage of development when larvae are present in the soil.
- Apply by soil drench or spray application to sufficiently wet the soil or growing media to a depth of 3-4 cm or deeper if gnats are present. Reapply as needed.
- For existing infestations, make 3 weekly applications at the higher rate. Apply regular follow-up applications with the lower rate to establish a long term maintenance program.

Withholding period:

NOT REQUIRED.

Jurisdiction:

ACT, NSW, QLD, SA, TAS, NT & WA ONLY.

(Note: Victoria is not included in this permit because Victorian 'control-of-use' legislation means that a permit is not required to legalise this off-label use in that State)

Additional Conditions:

THIS PERMIT provides for the use of a product in a manner other than specified on the approved label of the product. Unless otherwise stated in this permit, the use of the product must be in accordance with instructions on its label.

PERSONS who wish to prepare for use and/or use products for the purposes specified in this permit must read, or have read to them, the details and conditions of this permit.

Issued by the Australian Pesticides and Veterinary Medicines Authority.

Note: This use pattern was previously permitted under PER14350 which expires on 31st May 2019.
